Academic Preparation

Doctor of Philosophy **Agricultural Education** 1998
Oklahoma State University, Stillwater, OK

Dissertation Title: *A case study approach to food and fiber systems literacy assessment.*

Dr. James G. Leising, Dissertation Advisor

Concentration Fields: Teacher Education, Higher Education Administration

Master of Science **Agricultural Education** 1984
Texas Tech University, Lubbock, TX

Thesis Title: *An assessment of microcomputer usage and projected software needs in Texas vocational agriculture programs.*

Dr. Marvin J. Cepica, Thesis Advisor

Bachelor of Science **Agricultural Education** 1983
Texas Tech University, Lubbock, TX

Teaching and Research Interests

Education in and about agriculture
Teaching and Learning Interactions

Recruiting & Retention
Teacher Preparation

Professional Experience

Associate Professor 2010-present
Assistant Professor 2004 – 2010

Division of Agricultural Education, Montana State University-Bozeman, Bozeman, MT 59717

Direct teacher education program for Agricultural Education majors; supervise student teachers; assist with direction of Agricultural Relations academic program; teach core university seminar course in Agricultural Leadership for all students in the College of Agriculture; teach undergraduate and graduate courses in Agricultural Education; teach on-line graduate courses for Division's distance Master's program; advise undergraduate and graduate students; serve on ten thesis committees (to date); coordinate state FFA career development events; assist with planning, implementation, and evaluation of annual statewide inservice workshops for high school agriculture teachers; serve on division, college, and university committees.

Assistant Professor 1999 – 2004

Agriculture Department, Texas State University, San Marcos, TX 78666

(name changed from Southwest Texas State Univ. in Sept. 2003) Directed teacher education program in Agriculture; supervised student teachers; taught undergraduate and graduate courses in Agricultural Education and Agricultural Service and Development; advised undergraduate and graduate students; served as departmental graduate programs coordinator; served on ten graduate committees; coordinated area and statewide FFA career development and leadership development events; serve on departmental, school, and university committees.

Associate Director, Food and Fiber Systems Literacy Project **1996 - 1999**
Department of Agricultural Education, Communications and 4-H Youth Development,
Oklahoma State University, Stillwater, OK 74078

Project staff supervision for instructional materials selection, design, development, and evaluation; planned and coordinated teacher inservice training; monitored instruction; planned and directed project assessment; prepared annual reports to funding agency; planned and implemented project advisory conferences; assisted in supervision of student teachers and first year residency teachers; served on departmental committees.

Teaching Assistant/Research Assistant **1995-1996**
Department of Agricultural Education, Communications and 4-H Youth Development,
Oklahoma State University, Stillwater, OK 74078

Taught undergraduate classes and laboratories in Agricultural Education; assisted with residency teacher program and supervision of student teachers; assisted with coordination and administration of Collegiate FFA/ATA events; reviewed ag literacy instructional materials for content validity; prepared glossary for ag literacy materials; assisted with Oklahoma Ag in the Classroom summer institute for teachers; coordinated departmental team-building events.

Agricultural Science Teacher **1989-1995**
Ector County I.S.D., Odessa, TX 79760

Coordinated and instructed five Agricultural Science classes and one Agriculture Work-based learning course per semester; increased enrollment in program by 56%; increased ag coop enrollments by over 300%; collaborated with art instructor to teach metal sculpture unit for art class; organized ag day instruction and ag tour for 2600+ elementary students; assisted state FFA Executive Secretary in coordinating travel for state FFA officers.

Agricultural Science Teacher **1984-1989**
Fort Hancock I.S.D., Fort Hancock, TX 79839

Coordinated and instructed five Agricultural Science classes per semester; taught seventh grade Life Science, eighth grade Earth Science, and computer literacy; supervised two state proficiency award winners, eight state FFA degree recipients and one state qualifying agricultural mechanics team.

Professional and Academic Affiliations

American Association for Agricultural Education
Association for Career & Technical Education
Montana Association of Agricultural Educators
North American Colleges and Teachers of Agriculture

Professional Leadership

Division representative, Faculty Council, Montana State University-Bozeman, 2009-2012.
National FFA Foundation Board of Trustees; 2008-2009.
Western Region AAEE Consultant, National FFA Board of Directors, 2007-2009.
Co-Chair, Agricultural Experiment Station Multi-State Agricultural Literacy Research Committee (W1006); 2006-present.
Development Team, LifeKnowledge™ Coaching Guide, National FFA; 2006.
Division representative, Library Acquisitions Review Committee, Montana State University-Bozeman, 2004-2005.

Co-Advisor, Collegiate FFA, Montana State University, 2004-present.
Chair, Service Committee, Agriculture Department, Texas State University-San Marcos; 2003-2004.
Coordinator, Invitational FFA Career Development Events, TxState/SWT; 1999-2004.
Advisor, Collegiate FFA, TX State/SWT; 1999-2004.
Chair, Graduate Programs Committee, Agriculture Department, SWT, 2002-2003.
Chair, College of Applied Arts Research Committee, SWT, 2002-2003.
Chair, Budget Committee, Agriculture Department, SWT; 2001-2002.
Chair, Teaching Committee, Agriculture Department, SWT; 2001-2002.
Advisor, Agricultural Student Council, SWT; 2001-2002.
Coordinator and University Liaison for Area VII FFA Degree Check and Convention (approximately 550 participants). 2000-2004.
Chair, Research Committee, Agriculture Department, SWT; 2000-2001.
Faculty Leadership Development Program, SWT; 2000-2001.
Alkek Technology Institute, SWT; 2000.
President, Graduate Student's Association in Agricultural Education, Oklahoma State University; 1996.
Graduate Adviser, Collegiate FFA/ATA, OSU; 1995-1996.

Professional Recognition

Distinguished Teaching Award, American Association for Agricultural Education, Western Region, 2010.
Teaching Award of Excellence, Montana State University Alumni Association, 2010.
Distinguished Service Award, Montana FFA Association, 2010.
Runner-Up Article of the Year, Journal of International Agricultural & Extension Education; 2009.
Outstanding Research Poster, Western Region Agricultural Education Research Conference; 2009.
Outstanding Professor, Montana State University Collegiate FFA; 2009.
North American Colleges & Teachers of Agriculture Teaching Award of Merit; 2007.
First Place Runner-Up Publication, Journal of Agricultural Education, Vol 46, No. 3; 2005.
Outstanding Idea Exchange Presentation, Southern Region Agricultural Education Research Conference; 2003.
Who's Who Among America's Teachers; College & University Division; 2002-2003.
Presidential Award for Excellence in Research/Scholarship, College of Applied Arts, SWT; 2002.
Outstanding Idea Exchange Presentation, Western Region Agricultural Education Research Conference; 2002.
Outstanding Research Presentation, Southern Region Agricultural Education Research Conference; 2001.
First runner-up, Outstanding Paper Presentation, Western Region Agricultural Education Research Conference; 2000.
Second runner-up, Outstanding Idea Exchange Presentation, Southern Region Agricultural Education Research Conference; 2000.
Second runner-up, Outstanding Idea Exchange Presentation, Western Region Agricultural Education Research Conference; 1999.
Second runner-up, Outstanding Research Presentation, Western Region Agricultural Education Research Conference; 1998.
Phi Delta Kappa inductee; 1996.

Meritorious Service Citation, Texas FFA; 1992.
City of Odessa Red Plate Award for Community Leadership; 1991.
Rookie Director Award, Permian Basin Fair; 1990.
Honorary State Degree, Texas FFA Association; 1988.
Thirty Minute Club, Vocational Agriculture Teachers Association of Texas; 1985.

Courses Taught

Montana State University-Bozeman:

- Agricultural Education 140US: *Leadership for Agribusiness & Industry Employees*. (University Seminar Core) Process of developing and managing individuals by providing leadership and guidance at all levels of personal development. Self concepts developed through situational leadership and management, principles of people management, goal setting, and belief systems. Service learning and collaboration are utilized. (2004-present).
- Agricultural Education 253: *Agricultural Education in Public Schools*. Course designed to provide students a foundation for agricultural education at all levels, elementary through adult. Philosophy, models, scope and components of exemplary programs are highlighted. (2005-present).
- Agricultural Education 301: *Agricultural Electrification*. Covers the basic wiring requirements for agricultural applications and agricultural electrical motors. An emphasis is placed on application and trouble shooting. Alternative power generation methods are also discussed. (2007-present).
- Agricultural Education 397: *Teaching Practices*. Develop an understanding of the necessity for accurately determining instructional content and effectively delivering instruction (i.e., what to teach and how to teach it). (2004-present).
- Agricultural Education 494: *Agricultural Youth Event Management*. Focuses on planning and implementing agricultural activities for youth, such as County and State Fairs, 4-H contests, and FFA Career Development Events (CDE). Emphasis on planning an event, awareness of resources (people and things), developing event timelines and records, and evaluating the effectiveness of the actual event. (2008-present).
- Agricultural Education 482: *Nonformal Teaching Methods in Agriculture*. Designed for senior and graduate level students in Agricultural Relations and other majors who will be designing, implementing and evaluating learning through Cooperative Extension and/or other careers. Covers theories, principles and practices associated with effective teaching and learning for adult education as well as non-adult educational settings such as 4-H meetings, conferences, and conventions. (2004-2007).
- Agricultural Education 506: *Research Methods*. Principles and techniques of research appropriate for planning, conducting and reporting agricultural and extension education research. Online course. (2006-present).
- Agricultural Education 510: *The Science of Food, Fiber, Nutrition and More: Agricultural Literacy in Montana Schools*. This course focuses on integrating factual and scientific educational material from all areas of agriscience into the Montana elementary and middle school curriculum as a means of supporting and adding relevance to core academic learning.
- Agricultural Education 588: *Professional Development*. Provides opportunities for agricultural education professionals to explore emerging concepts within technical agriculture in preparation for teaching those concepts in secondary school agricultural education programs. (2005-present).
- Agricultural Education 594: *Graduate Seminar*. Focuses on the guidelines, procedures, and processes necessary to assist timely completion of graduate programs. Online course. (2012-present).

Texas State University-San Marcos:

Agriculture 2373: *Introduction to Agricultural Engineering*. Introductory course designed to acquaint students with a wide range of concepts, principles and applied technologies in agricultural engineering.

Agriculture 2390: *Computer Applications in Agriculture*. Operation and application of computers throughout the agriculture industry with emphasis on configurations, commonly used software, and specific software applications in agriculture.

Agriculture 3353: *Agricultural Structures and Environment*. Principles and practices associated with structural components, selection, materials of construction, heat and moisture control, and environmental issues associated with waste management.

Agricultural Services and Development 2310: *Applied Leadership Principles*. Preparation for professional leadership and service, with emphasis on application of leadership principles. Focus on guiding students in developing enhanced leadership skills through group and individual leadership enhancement projects and topic research.

Agricultural Services & Development 4212: *Program and Curriculum Development in Agricultural Education*. Primary course elements include determining program and curriculum goals, successfully implementing programs and evaluating programs.

Agricultural Services & Development 4311: *Agricultural Instructional Methods*. Classroom management, daily lesson planning, pedagogy, teacher accountability systems, and student evaluation techniques for the secondary Agricultural Science and Technology teacher.

Agricultural Services & Development 4681: *Student Teaching in Agricultural Science and Technology*. Preparation for teaching agricultural science in selected Texas secondary schools.

Agriculture 4343: *Organization and Management of Agricultural Laboratories*. Examination of instructional programs involving laboratory equipment and facilities. Curriculum, pedagogy, equipment and facility management, inventory, safety, liability, and facilities planning are emphasized.

Agricultural Education 5318: *Administration and Supervision of Vocational Education*. Administration of comprehensive vocational education programs with emphasis on the operation and implementation of programs governed by state and national laws.

Agricultural Education 5319: *Adult Education Program Development and Methods*. The rationale, planning, implementation and evaluation of adult education programs in formal and non-formal settings.

Agricultural Education 5320: *History and Principles of Vocational Education*. A study of history, philosophy, and principles for career and technology education. (taught with web-assisted delivery).

Agricultural Education 5321: *Diffusion of Innovations*. Dynamics of cultural change as theoretical framework for planned technological change, methods of implementing change, the effects of change, characteristics of change agents, and predicting the impact of change.

Agricultural Education 5330: *Research Methods in Vocational Education*. Principles and procedures of research used in developing and implementing programs of career and technology education, especially programs relating to agricultural sciences.

Agricultural Education 5335: *Curriculum Development in Vocational Education*. Principles and practices in developing and adopting curricula for different areas of vocational education. The dynamics of cultural and technological change on curricula as it relates to the educational needs of career and technology education students are stressed.

Courses Developed

Montana State University-Bozeman:

Agricultural Education 482: *Non-Formal Teaching Methods for Agriculture Professionals*.

Designed for senior and graduate level students in Agricultural Relations and other majors who will be designing, implementing and evaluating learning through Cooperative Extension and/or other careers. The course covers theories, principles and practices associated with effective teaching and learning for adult education as well as non-adult educational settings such as 4-H meetings, conferences, and conventions.

Agricultural Education 506: *Research Methods*. Redesigned traditional on-campus course for online delivery as a foundation course with the Online Masters program.

Agricultural Education 594; *Online Seminar*. Co-developed and co-taught course to assist graduate students with timely completion of graduate program.

Texas State University-San Marcos:

Agricultural Services and Development 3310: *Diversity Issues in Agriculture*. Develop awareness and understanding of diversity issues relating to culture, ethnicity, gender, religion, sexuality, and society for pre-service agricultural practitioners who hope to integrate an understanding of work force diversity into their management style and professional behavior.

Agricultural Services and Development 4210: *Principles of Agricultural Development*. The principles and concepts of community leadership and development in changing urban and non-urban settings. Emphasis will be given to leadership styles and approaches, community development processes, and the leader's role in the change process.

Grants Funded

February 2010: Bureau of Land Management; *Wildland Fire Education for Middle and High School*; **\$174,200**.

September 2008: USDA SPECA; *Montana Secondary Agricultural Education Curriculum Update: Phase II*; (co-pi) **\$34,798**.

July 2007: USDA SPECA; *Montana Secondary Agricultural Education Curriculum: Updating & Modernizing Curriculum for Montana's Agricultural Education System*; (subcontract pi) **\$43,800**.

September 2005: Equipment Fee Allocation Committee Grant, MSU; *Technology upgrade to teacher education classroom*; (co-pi) **\$6462**.

January 2003: Research Enhancement Grant, SWT. *An Assessment of Recruitment Techniques for University Students Majoring in Areas of Agriculture*; **\$14,388**.

September 2002: Houston Livestock Show & Rodeo; *An Assessment of Recruiting techniques as Perceived by Secondary Agricultural Science Teachers in Texas*; (co-PI) **\$4,000**.

January 2002: Research Enhancement Grant, SWT; *Evaluating learning styles of Nursery/Landscape CDE participants who use an online training aid*; **\$9,200**.

September 2001: Houston Livestock Show & Rodeo; *Impact of training methods and learning styles on student success in FFA Career Development Events*; (co-pi) **\$4000**.

August 2001: Research Development Initiative, College of Applied Arts, SWT. *Assessing Selected Texas Elementary Teachers' Knowledge of the Food, Fiber and Natural Resources System*; **\$2,800**.

August 2000: Houston Livestock Show & Rodeo. *Integrating Agricultural and Environmental Literacy in Texas High Schools*; **\$4,000**.

March 2000: Texas Education Agency. *School to Careers – Environmental Literacy Institute*; **\$66,000**.

January 2000: Southwest Texas State University, Academic Computing Committee; *Proposal to systematically update instructional delivery technology in Agriculture*; **\$23,500.**

Total participation in funded grants: \$387,328

Grants Unfunded

(Current proposals under consideration and past proposals submitted but not funded.)

May 2009; Native American training initiative for value-added entrepreneurs in agriculture. Proposal submitted to USDA CSREES; (project evaluator) \$37,306.

May 2009; Montana curriculum wildfire community assistance. Proposal submitted to U.S. Department of Interior, Bureau of Land Management; \$134,677.

January 2007: A collaboration model for faculty development at Tribal Colleges. Proposal submitted to USDA CSREES Higher Education Challenge Grant program; \$325,920.

January 2006: A collaboration model for faculty development at Tribal Colleges. Proposal submitted to USDA CSREES Higher Education Challenge Grant program; \$492,511.

Unfunded grants total: \$990,414
